Dear friend,

I received your letter of March 11, and appreciate very much your courtesy in asking me the question about Gandhiji.

What facet of Gandhiji's life impressed you most ? - My answer is : his decency.

I could say a good deal more about Gandhiji, but as I have written it down in two or three places, I am sending you my three lectures, delivered in a university.

With kind regards,

Yours sincerely,

Mulk Raj Anand
